Edmonton, July 31st, 1933.

To His Honour,

W. L. Walsh,

Lieutenant Governor of the Province of Alberta.

Sir,—

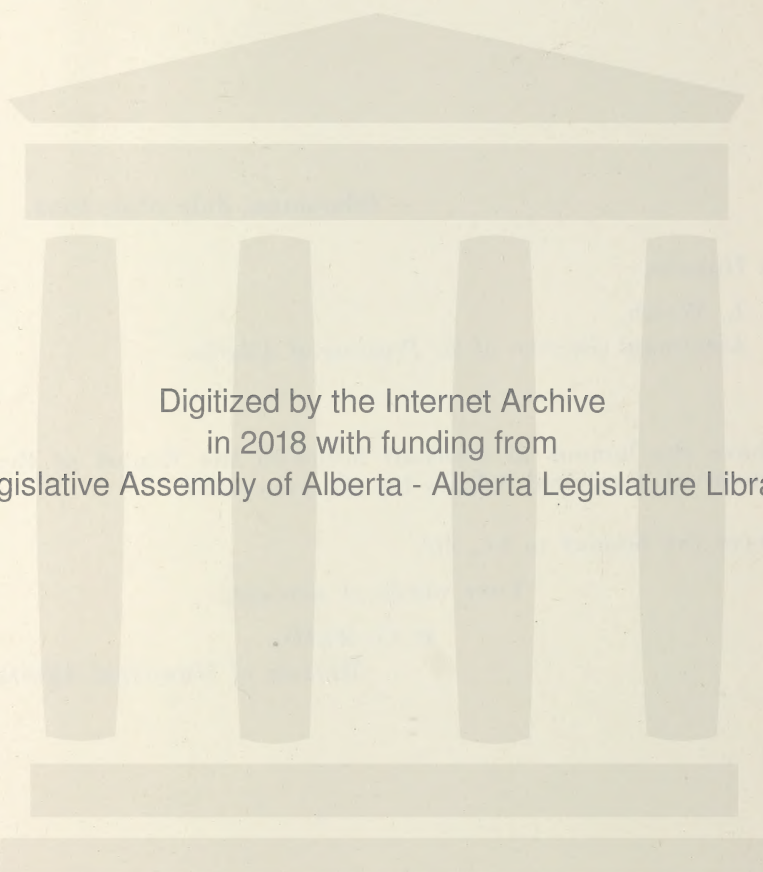

I have the honour to transmit herewith the Report of the Department of Municipal Affairs for the year 1932.

I have the honour to be, Sir,

Your obedient servant,

Edmonton, Alberta,
July 31st, 1933.

Honourable R. G. Reid,
Minister of Municipal Affairs,
Edmonton, Alberta.

Sir,—

I have the honour to submit the Twenty-First Annual Report of the Department of Municipal Affairs.

The figures used in the tables in respect of cities, towns, villages and municipal districts cover the transactions for the current year ended December 31st, 1932, and in respect of improvement districts for the fiscal year ended March 31st, 1933.

Financial statements have been compiled in respect of the following units:—

Cities	7
Towns	53
(Not including Grouard and Lloydminster)	
Villages	145
Municipal Districts	163

The 1931 annual report indicates the number of municipal districts as being 166, and the difference is explained by the fact that the existing municipal district of Berry Creek, No. 214, created in February, 1933, now comprises former municipal districts 214, 215, 244 and 245.

The usual individual tables covering the activities of the urban and rural municipalities have been compiled in detail with summarized tables showing comparative figures for the years ended, December 31st, 1931, and December 31st, 1932.

Perhaps it would not be remiss to refer to some salient features which will be noted in the comparative tables; as for example: The current levy of taxation in the cities was slightly increased in the year 1932, over the levy of 1931, whereas in the case of towns, villages and municipal districts, the levies were decreased during the same period.

The collections for the year 1932, were fairly satisfactory, and the arrears of taxes had only slightly increased in the case of towns, villages and municipal districts.

The expenditure on public works was reduced in the towns and villages to some extent and very substantially reduced in the case of rural municipalities. In the table of assets and liabilities, it will be noted at the foot of the tables the explanation that municipal district assets and liabilities do not include "trust taxes," a statement of which appears in another table.

Under the loan and debenture tables it is gratifying to note that in respect of all municipalities, urban and rural, the debenture liability has been reduced during the year 1932, when compared

with the liability as at December 31st, 1931. While the unpaid temporary loans had increased in the cities, and doubtless this is due in a large measure to substantial payments for unemployment relief, quite substantial reductions were made by the towns and villages, and in so far as the municipal districts are concerned, very substantial reductions were made in respect of municipal, school and hospital loans.

In response to numerous requests there has been incorporated in this year's report a statement of the improvement district trust accounts, which contain detailed statements of receipts and payments for the year ended March 31st, 1933.

The total collections by the department for the year ended March 31st, 1933, from all sources amounted to \$1,324,287.31 made up as follows:—

LEGISLATION

Provision was made in The Municipal District Act to allow, by way of a discount 5% upon all payments made on or before the 15th day of December on account of taxes which became due and payable in the year in which the taxes were levied. If any taxes remain unpaid after the 15th day of December in the year in which they became due and payable the same shall be payable without discount at any time after the last mentioned date and before the first day of July next thereafter ensuing, while the semi-annual penalty on arrears was reduced from 5% to 4%.

The Tax Recovery Act was amended giving the Minister power to prohibit sales before a fixed date to be named in any order issued under that authority. It was further amended to provide that any parcel of land in a municipal district, not sold at the public auction, might be sold by the municipal district upon consent of the Minister at such a price and upon such terms and conditions as the council of the municipal district deems proper, and the former requirement to have private sales approved by the Minister in respect of parcels situated in urban areas was eliminated.

A new Local Tax Arrears Consolidation Act was passed, empowering municipal districts to enter into agreements with taxpayers in arrears for a consolidation of such arrears, and in place of the elimination of penalties as provided in previous Tax Consolidation Acts, discounts in varying rates are given, depending upon the number of years the consolidated taxes are in arrears.

An act was also introduced to provide for the taxation of pipe lines and well casings for Provincial purposes.

I regret to record the passing of two members of the staff in the persons of Miss Margaret Brock and Mr. J. Duncan Currie, both of whom rendered long and faithful service.

All of which is respectfully submitted,

R. ENGLISH,
Deputy Minister.
